During Tournaments

*During interclub activity

SPONSOR OF THE WEEK

Harcourts

Harcourts provide \$250 to the club for every home LISTED AND sold through them by a club member. Recently they completed the sale of James & Monica Smith's home so we are again the benefactor of this generous offer. Further to this, they donated umbrellas, coolly bags and drink bottles to the Tui Bottle Cap Quiz to be used as prizes.

For top class service and proven results call Harcourts Tawa on 232 4178.

Issue 83 August 4th 2017

Spring Interclub – new formats

This years spring interclub sees two new initiatives being promoted on trial. The Men's Tuesday competition is going to trial scoring to 11 for all divisions, not 15 as has been the norm for the last few years. Most of the world play to 11 so Squash Wellington has decided to trial this in anticipation of New Zealand adopting this scoring in the future.

The Women's Wednesday competition is going to trial teams of three. This should make the teams more even and evenings will finish earlier. Feedback will determine if these initiatives are successful which in turn will influence final decisions going forward.

The interclub poster is up on the notice board and cut off for entry is Friday 18th

Hosting of D Grade Superchamps at Tawa Aug 11th-13th

From 11th-13th August we are hosting the Wellington Regional Superchamps and have entered a team in both the men's and women's divisions. We have a requirement to have the bar and kitchen open throughout and **any assistance to run these would be appreciated**. Resourcing this event is more difficult than normal as many of our loyal servants are playing in other Superchamps divisions around the region. If you are able to help please email info@tawasquash.co.nz and advise your preference – Friday evening, Sat am, Sat pm, Sun am or Sun pm.

New Court Booking System

On the 21st August we are changing the court booking system to BookingPro - a system developed by a couple of Upper Hutt Squash Club members. We have been working with them for the last 6 months getting the system developed to our requirements.

Over the next couple of days you should receive an email to allow you to register and create a login and password.

There will also be more features available that will roll out over time including being able for administrators to put lights on override on line, using your mobile or your key tag for entry and to get lights on and many others.
